I certify that this is a true and correct report of appropriation and all disbursements of Treasurer's Records for year ending December 31, 1956.

FRANK CLEWS, Treasurer

Fire Commissioners' Report

At the close of the year 1956, the Commissioners and Chief of the Danbury Volunteer Fire Department wish to extend our sincere thanks to the taxpayers of the Town of Danbury, officers and members of the Fire Department and all committees that helped in maintaining an efficient department.

As you can see by the Treasurer's report this was a very expensive year for the Fire Department. The Dodge truck, the first truck to roll out to any fire, finally got to the point that we did not know if we would make it to a fire or not. Therefore we voted to try and purchase another chassis or some make. We finally decided to purchase a 1950 Ford, from Fred's Auto Service in Bristol. This truck was purchased by funds raised by the Fire Department with no added expense to the taxpayers.

During the year 1957 and for two or three consecutive years thereafter we hope to be able to purchase a few lengths of 2½" hose each year to replace and add to the hose we have. Some lengths of this hose has already broken and needs replacing and within the next two or three years no doubt more will have to be replaced. It is very necessary to keep this hose supply to a maximum as there are a good many buildings in the town of Danbury that are a great distance from a water supply and this means laying plenty of hose to get water to the fire.

At the time of writing this report, the Department is faced with the expense of repairing the 500 gallon pump. Estimated cost of parts to repair this pump is almost \$100.00.

After careful consideration the Department has deemed it necessary to put an Article into the Town Warrant requesting the raising of the sum of one thousand (\$1,000.00) dollars to help maintain the Fire Department.

If you check the Treasurer's report you will find that \$164.21 went for Fuel Oil for heating, \$223.25 for insurance, and \$50.65 for Gas, Oil and Anti-freeze for the trucks and pumps. This alone consumes most of the \$500.00 appropriation that the town has voted for the past number of years, and leaves us very little to defray any other expenses of maintaining the Department.

We hope that you taxpayers will give this Article your very kind and careful consideration and don't forget in case of Fire — Call Porter 8-2513 and Porter 8-2571.

Thanking you again for your loyal support,

ELMER GRACE, Chief

SUPERINTENDENT'S REPORT

Danbury's building problem seems not much closer to a solution than it did 10 years ago. In fact, one might say that new problems have been added to complicate our thinking and possible action in the whole scheme of things. Reference is made here to the study being made of a possible cooperative school district from Salisbury to Enfield inclusive. These studies are most time consuming, involve great detail, and many, many problems more or less conjectural. It will take the better part of this calendar year before many, if any, definite conclusions can be reached. In the matter of state aid, a cooperative district is given definite financial rewards. While this study is being made there seems little that Danbury can do towards a building other than to steadily increase its capital reserve fund through regular appropriations. It would seem to me that more than a thousand dollars a year should be set aside for the purpose fairly soon.

In the event a cooperative school seems undesirable, or is not voted, Danbury would then face the problem of building an elementary school. Under the present bonding limit enough money probably could not be raised. In such circumstances special legislative acts may be passed to permit greater borrowing. The next legislature won't meet until 1959 and perhaps that should be the year of decision regarding our elementary schools.

Danbury pupils are fortunate in having several high schools which they may attend. This minimizes the high school problem. Our chief problem is that of modern housing for our elementary pupils.

Danbury qualified for \$7,523.55 in state aid this year but due to the fact that the valuation per pupil, as set by the tax commission, exceeded \$10,000 this amount was cut to \$5,295.18. It seems very essential to me to have a state aid program upon which we can depend year after year. This is a matter of state appropriation and simply requires an appropriation of funds sufficient to cover the state aid formula. Until funds are made available these large variations will exist. The commissioner of education has asked for such funds.

The 1955 legislature passed the so-called State Ward bill which requires the payment of tuition by the district where the pupils are residing when they become state wards. As a result of this law, Danbury, (at this moment) faces an elementary charge of \$800 and will face a similar amount, or more, each year to come. Each incoming mail may increase this amount. Since this is the first operating year of this bill we can not be sure of these figures. A savings in high school tuition plus the contingency fund will make payment of this possible without a deficiency.

Respectfully submitted,

C. MAURICE GRAY, Sup't.

PUBLIC HEALTH SERVICE

Office of Selectmen
Danbury, N. H.
Dear Sirs :

Plymouth, N. H.
January 4, 1957

The following is a report of activities carried on for you by the N. H. Department of Health, Bureau of Public Health Nursing for the year of 1956.

The children from Danbury were included in the Canaan and Bristol clinics for the Salk Vaccine shots for the protection against poliomyelitis.

Clinics were held in Canaan on the following dates and included age groups from 6 months to 20 years.

May 17, Sept. 27, and Nov. 15, 1956, Dr. Dinerman giving vaccine ; Bristol on Dec. 4, 1956, Dr. Greenan giving the vaccine.

At least 60 children from Danbury took advantage of this protection. The children who received their shots at the Oct. 1955 clinic attended Bristol clinic in December for their booster or third shots.

My sincere thanks to Mrs. Ellen Williams, R.N., School Nurse, for taking charge of advertising and arranging transportation to the clinics, and any other individuals who assisted in any way, including the school personnel.

Respectfully submitted,

LOIS W. BARTON, R. N.
